Review Past Long Term Commitments

Salaries: \$202,615

Benefits: \$64,319

Reading Conference: \$11,000

PD (Leadership Team): \$7,500

Chrome Carts (2): \$18,583

Total: \$304,017

Actual Current Budget - \$304,017 (\$47,000 of intern was allocated incorrectly, so plan was \$256,000 but have \$304,000 in the trustland account)

We discussed the importance of creating our new budget based on assumption of \$270,000

It was voted on to skip January's meeting because it is so soon after returning from Christmas Break. Also, we have determined that we will be approving a very similar budget to what we spent last year.

We also determined that we will learn about the Reading Conference held in New Orleans.
